Wire Journal International 1989 article index

A listing of all technical articles, features and editorials in calendar 1989.
Companies may arrange for reprints by contacting Wire Association headquarters.

Aluminum rod

"Alcan's experience in converting continuous-cast aluminum alloy rod into mechanical wire products," David W. Rogers, Denis R. Heroux; February 1989, p. 49.

Business and management

"Controversial plant closing law takes effect," staff report; March 1989, p. 20.

"Prescription to avoid a strike," Matthew Goodfellow, Ph.D.; April 1989, p. 23.

Chemicals and coatings

"Wiredrawing lubricant: cradle to grave control by a wire producer," Mary J. Alkire, Sharon R. Huey, Jan Kajuch; May 1989, p. 24.

"An overview of disposable media for coolant filters serving wire manufacturing systems," Jim Joseph; May 1989, p. 52.

"Flame retardant wire and cable formulations," C.S. Ilardo, R.L. Markezich; May 1989, p. 66.

"Skin colored multiwires in a computer-controlled cable factory," Brian Spence; August 1989, p. 51.

"A new silicone-polyimide resin for wire and cable insulating and jacketing," George Maguire; October 1989, p. 72.

"The use of differential scanning calorimetry in assessing wiredrawing lubricants," R. Cowan; December 1989, p. 52.

Company profile

"Georgetown Steel upgrades mill, expands to West Coast market," Robert F. Dixon; June 1989, p. 21.

"Employee-owners take charge of Northwestern Steel & Wire comeback," Robert F. Dixon; July 1989, p. 22.

Copper rod/wire

"Electrochemical reactions in copper rolling and drawing," K. Hori, Y.Y. Su, M. Marek; March 1989, p. 37.

"A method for monitoring and determining the drawability index of copper wire," R.G. Anstey; December 1989, p. 46.

Editorial

"A New Year's wish list," Robert F. Dixon; January 1989, p. 4.

"Slow growth predicted for insulated wire and cable," Robert F. Dixon; February 1989, p. 4.

"VRA extension: an unnecessary evil?" Robert F. Dixon; March 1989, p. 4.

"A tale of two ethics," Robert F. Dixon; April 1989, p. 4.

"A sneak preview," Robert F. Dixon; May 1989, p. 4.

"UL seeks comments on proposed standards," Robert F. Dixon; June 1989, p. 4.

"What the WISA study tells them about us," Robert F. Dixon; July 1989, p. 4.

"The passing of two dedicated industry leaders," Robert F. Dixon; August 1989, p. 4.

"Bush takes middle road on VRA extension," Robert F. Dixon; September 1989, p. 4.

"A simple riddle," Clifford D'Addetta; October 1989, p. 4.

"International exhibitors find harmony in Brussels," Clifford D'Addetta, November 1989, p. 4.

"You can't make this up," Clifford D'Addetta; December 1989, p. 4.

Fabricating

"Fabrication and properties of nickel-titanium shape memory alloy wires," Dieter Stoeckel; April 1989, p. 30.

Fiber optics

"Production of fiber optic ribbons with a UV binder," Nate Rosebrooks; October 1989, p. 39.

"Fiber optic markets and their effect on processes of the future," Gregory A. Perry; October 1989, p. 46.

Fine wire

"Enhancing productivity and reliability in coil winding processing," John Lawrence; July 1989, p. 75.

Guest editorial

"Join WISA travel/housing group for Wire '90," Harry W. Buzzerd Jr.; May 1989, p. 12.

"What do customers want," Harry W. Buzzerd Jr.; July 1989, p. 10.

"Customer/vendor communications: Interwire 89," Harry W. Buzzerd Jr.; September 1989, p. 242.

"Up front and in front for Wire 90," Jack Ramsey; November 1989, p. 84.

Industry news

"Japanese business unaffected amidst political, social turmoil," Jorge Ribeiro; April 1989, p. 18.

"Customer/vendor communications: Interwire 89," Harry W. Buzzerd Jr.; September 1989, p. 242.

"Up front and in front for Wire 90," Jack Ramsey; November 1989, p. 84.

Industry news

"Japanese business unaffected amidst political, social turmoil," Jorge Ribeiro; April 1989, p. 18.

Market analysis/forecast

"Wire industry survey reflects measured optimism," Joseph A. Offredi; February 1989, p. 18.

"A survey of capital expenditures of nonferrous wire and cable manufacturers," Richard Douglass, Ian McLaughlin, Anjan C. Mehta, Steven Kosowsky; February 1989, p. 25.

"A competitive U.S. copper wire mill for the 90s or, there could be an automated wire mill in your future," Robert Greminger; June 1989, p. 29.

"Countdown to the future: the manufacturing engineer in the 21st century," Detlef K. Koska, Joseph D. Romano; June 1989, p. 34.

"The metals price o ɔk: good news and bad," George T. Rickert; August 1989, p. 20.

"The capital goods outlook: top of the cycle?" Mark W. Wilde; September 1989, p. 180.

"A survey of capital equipment expenditures for the ferrous wire and cable manufacturers," Richard Douglass, Anjan Mehta, Stephen Gondert; October 1989, p. 28.

"Market opportunities and competitive strategies for U.S. wiredrawers," Howard Booth; October 1989, p. 87.

"The aerospace/defense outlook: bogeys at 12 o'clock," John R. Stodden; November 1989, p. 53.

Meetings and exhibitions

"3,499 attend Wire Association convention," staff report; January 1989, p. 22.

"Wire Asia 89 preview," staff report; March 1989, p. 25.

"Tokyo to host fourth wire cable expo March 30 to April 2," staff report; March 1989, p. 30.

"59th Convention technical program," staff report; August 1989, p. 13.

"Interwire 89/59th Annual Convention," staff report; September 1989, p. 20.

Power cable

"Advances in power cable extrusion," Jack Howanski; November 1989, p. 40.

Quality control

"Effective statistical process control: enhancing the bottom line with SPC," Thomas Ross; April 1989, p. 71.

Steel wire

"New laser sensors for wire diameter measurement," Jean Francois Fardeau; January 1989, p. 42.

"Mechanical relaxation spectroscopy in steel wire research," I.G. Ritchie, P.M. Mathew, Z.L. Pan, C. Osborne, J.K. Prikryl; September 1989, p. 201.

Wire Association news

"Myrtle Beach to host April 2-4 Ferrous Spring Meeting," staff report; February 1989, p. 12.

"Nonferrous, Electrical divisions to meet in Clearwater Beach, FL, May 8-10," staff report; March 1989, p. 18.

"Ferrous Division meeting draws 241 to Myrtle Beach," staff report; May 1989, p. 23.

"Spring Nonferrous/Electrical meeting focuses on quality, regulatory issues," staff report; July 1989, p. 21.

"Allan B. Dove, wire industry pioneer," staff report; October 1989, p. 24.

"1990 committee rosters," staff report; November 1989, p. 20.

"A year of positive change for the Wire Association International," Jack B. Salt; December 1989, p. 11.

Wiredrawing

"Materials response to wiredrawing," E. Aernoudt; March 1989, p. 53.

"Design and manufacture of a roller die system of wiredrawing," J.H. Ekkelenkamp, P.B. Khosrovabadi; December 1989, p. 22.

Wire machinery

"Concentric taping machine vs. dual pad excentric taping machine," Fred J. Hardy; July 1989, p. 31.

"A new double-twist machine with a single-twist effect," Michel Brazeau, Rene Cournoyer; July 1989, p. 51.

"A novel computer-controlled serving and stranding machine," F. Schatz, L. Werwitzke, G. Ziemek; July 1989, p. 61.

"19-wire double twist stranding," Andy Blackmore; August 1989, p. 26.

"Microprocessor control of cable machinery," Mike Hurst; September 1989, p. 187.

Wire rod

"High tensile strength wire rod for tire cord," M. Francois, L. Payraudeau, M. Jallon; January 1989, p. 54.

"Nonquenched low-carbon acicular ferrite steel wire rod for cold forging applications," Fukukazu Nakasoto, Masaatsu Higurashi, Suichi Fukushima; April 1989, p. 51.

"Continuing quality improvement using scanning electron microscope for process control at North Star Steel Texas," B. Yalamanchili, P.M. Power, R.A. Phillips, M.D. Buckentin; June 1989, p. 63.

"Development of a new wire rod mill 'bevel roll mill.' " Shingoro Fukuoka; October 1989, p. 57.

"A new revolutionary controlled cooling method for wire rod," Young Cho, Nils Gunnar Malmgren; November 1989, p. 57.
